

Vendor Proposal

Fictional SaaS agreement summary prepared for internal procurement review.

Vendor: Nimbus Metrics
Service: Revenue intelligence SaaS
Department: Marketing
Annual Cost: \$72,000
Contract Term: 24 months

1. Proposal Overview

Nimbus Metrics will provide a cloud-based revenue intelligence platform for pipeline visibility, campaign attribution, and forecasting workflows used by the Marketing department.

The service includes user dashboards, automated reporting, and integration support for approved business systems.

2. Commercial Terms

The subscription price is \$72,000 per year for the 24-month contract term. Invoices are issued annually in advance.

This agreement will automatically renew for successive 12-month periods unless either party gives written cancellation notice before the renewal date.

Cancellation requires 45 days notice before the end of the then-current subscription period.

3. Liability

Liability capped at 6 months of fees paid under this agreement, except for unpaid amounts and intentional misconduct.

4. Data Handling

Vendor processes customer data to provide reporting, forecasting, account configuration, support, and service improvement features.

Customer data may include business contact records, account activity, campaign performance data, and usage logs required to operate the service.
